Program Packing List

Welcome to Outward Bound Australia!

We look forward to you joining us on your Outward Bound Program. Please take the time to read through this packing list to help you to prepare for your journey and ensure you have the appropriate clothing and equipment.

If you don't have something on the list below, we recommend borrowing it from friends and family, or buying second hand. Please pack your items in one large, soft bag (i.e. a duffle bag, NOT a hard suitcase), and label your belongings to avoid losing them.

Core Principles of Outdoor Clothing & Equipment

- Clothing should be lightweight – no denim, no bulky jackets, no cotton hoodies
- Clothing should keep you warm, even when wet – this means NO cotton, as it does not keep you warm once it is wet and becomes very heavy. Materials such as wool and polypropylene are recommended.
- Clothing is more effective when layered – it is more effective to have two lightweight jumpers than once large jacket. Layering traps warm air in between items of clothing and is more effective at keeping you warm.
- Footwear needs to be sturdy & comfortable - we recommend breaking in boots to avoid blisters
- Space is limited – only bring the items listed below and keep them as light weight as possible

If you have any questions about the packing list, please contact your school coordinator or email mailbox@outwardbound.org.au
